# Where my sexy readers at?

---

Hi My Fellow Readers!

I love books and I love reading and I am always looking for the next sexy book to add to my collection. So I searched, and read, far and wide to find books that transport us to a covid-less world where we can go on insane adventures again and do dirty naughty things to each other all day (and night!). Now all the smutty, gritty, kinky-ish fiction is at the latter half of this list, but I also included books for those that like to learn about the ideas, thoughts and fun stuff surrounding BDSM, Kink and doing it in real life. I also wanted to include books written by as many different authors as possible (Straight, Queer, NeuroDivergent, Poc, etc). So you'll find some regulars and Kinky staples as well as some good reads by new voices that you may not hear from as often. I hope you work your way through this list with joy, laughter, heated cheeks, and "O" so much more!

P.S. If you have any books to recommend from underserved voices, please feel free to drop me a line on IG or Website and I'd love to check them out!

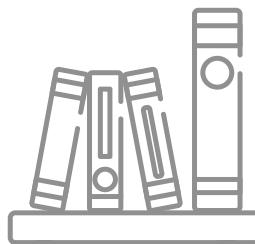

With Solidarity,
